

Mowlam Healthcare

BCM recently completed a major Cost Management Project for Mowlam Healthcare Limited, which is Ireland's largest Nursing and Convalescent Home group.

The project was highly successful with six figure savings identified in communications, stationery, electricity, waste management, pest control and propane gas.

Mr. Pat Shanahan, CEO of Mowlam Healthcare said, "We are delighted with the savings found which go directly of course to our bottom line".

"We are also very happy to see systematic controls being applied across all our locations as we feel this will be of even bigger benefit as we continue to grow the group in Ireland".

Top Right: John Mac Namara (BCM) with Chairman of Mowlam Healthcare, Pat Shanahan.

Mowlam Staff (L/R): Amanda Bevan, Deirdre McNamara, John Mac Namara (BCM), Mary O'Regan, Fiona O'Brien
